

Company Environmental Policy Statement

1. The Board of Directors of Texcel Technology plc attach great importance to the preservation of the environment and of the earth's natural resources. The promotion of environmental awareness is regarded as a common objective for both management and employees.
2. Texcel Technology plc is committed to preventing pollution by minimising the environmental impact of its operations, products and services.
3. In order to satisfy the above requirements, Texcel Technology plc will develop, implement, enforce and provide resources to establish and maintain an effective Environmental Management System that satisfies the requirements of BS EN ISO 14001 : 2004 and provides a framework for setting, monitoring and reviewing environmental objectives and targets.
4. In order to achieve this, the company shall :-
 - ◆ Comply with all relevant environmental legislation and regulation.
 - ◆ Endeavour to reduce the use of non renewable energy, water, production of waste, use of hazardous substances.
 - ◆ Endeavour to utilise recycled materials wherever technically, cosmetically and economically viable.
 - ◆ Where deemed necessary, communicate/define environmental requirements to suppliers and sub-contractors.

The company recognises the importance of its employees in achieving its business aims and therefore operates a planned system of training within the Environmental Management System to ensure the necessary awareness and motivation exist at all levels to support the company' policy objectives.

Andy McLeod, Managing Director
For and on behalf of Texcel Technology plc.
